### RUSTLER'S PARADISE

A bullwhip in Harry Carey's hand was more to be feared than a gun in the grip of the average man. Watch for the scene in "RUSTLER'S PARADISE," where that stinging, flying lash rips through a huddled mass of panic-stricken bandits, and their much-dreaded chief wilts and groans under a thonging warranted to kill a man by inches! You'll respond delightedly to the adventure, mystery and thrills of this Western, combined with pathos that will

# A "HALF-WAY" JOB IS NO JOB

At best, the proposed municipal light plant would be designed to serve only half the people of Jacksonville.

Lower rates are promised by the promoter-engineer, (which is only a "guess"-not a guarantee) but what assurance have YOU that you will be one of the lucky ones to receive the low rate-assuming that there is a low rate.

A half-way job is no job at all. Why spend \$420,\* 000 for such a waste?

Vote "NO" on all three propositions on January 21st.

Police Recover Car Owned by Athens Man: Search For Chrysler Sedan

While Jacksonville police officers were working yesterday morning on identification of an abandoned automobile, a report was received of the

theft of another machine.
A 1932 Chrysler sedan belonging to Grover Sweeney disappeared early Wednesday morning from its parking place on East Morgan street near the square. Sweeney had just returned from a trip to Springfield when the car was stolen.

A Ford V-8 coach that was found three days ago on Westminster street has been identified as the property of Archie McDonald of Athens, Ill. It was stolen January 9 in Springfield

## A ## 1311   merican Can	Associated Press Market Editor Chicago. Jan. 15 — (P) — Increased selling that developed after reports the League of Nations had virtually shelved oil sanctions proposals gave a late downward trend to wheat values today.
	Market advances of more than a cent a bushel which earlier were wit- nessed found themselves replaced by sudden setbacks that in most cases
erro de Pas 549	meant net losses for the day Contri-

effects from official reports indica-tive of favorable conditions for the domestic winter wheat crop. Wheat closed unstable at the same as yesterday's finish to ? of a cent lower, May 991-1; corn i off to i up, May 60-601, oats also t off to 1 up, and provisions unchanged to a rise of 15 cents. .......... 231

Unable to hold up under late outbursts of selling ,wheat prices ended at nearly the day's low point. Particular attention to the reported practical abandonment of oil sanctions came about through the circumstance that in some quarters the European political situation had at first been construed as decidedly more warlike, and this had led to more or less specula-tive buying. Chiefly, however, advances were based on a material unlooked for rise of Liverpool quotations, coupled with belief European crops were devoid of snow protection at a critical stage and in danger of a freez-up.

Winter gasoline facts don't come any straighter You won't need Luck to get snappy starts this Winter. You won't need an up-to-the-minute car. You won't need lots of carburetor and ignition monkeying. You'll only need a fill of Winter Blend Conoco Bronze gasoline. Then you can come out to your cold garage or all-day parking place and make a perfectly normal start, that's all. Expect your engine to "catch" immediately-you're through with the starter right away. Do not leave the choke out, for you want to conserve your Conoco Bronze and your oil, too.
